Texas Tech Alumni Association Endowed Scholarship Guide

The Texas Tech Alumni Association Endowed Scholarship Guide was created to provide Texas Tech students and prospective students with a comprehensive guide to all of the scholarships that the Texas Tech Alumni Association has in the Texas Tech Alumni Association Endowment Trust. The funds for the scholarships listed in this guide are housed and managed by the Alumni Association. The funds originate from several sources, including:

- Texas Tech Alumni Association membership contributions
- Texas Tech Alumni Association programming
- Texas Tech Alumni Association local chapters
- Friends of the Texas Tech Alumni Association

Please consult the details for each scholarship to determine its criteria, sources of funding and selection process. For more information on the Texas Tech Alumni Association Scholarship Endowment Trust, please contact Chris Snead at chris.snead@ttu.edu.

Texas Tech Alumni Association

The Texas Tech Alumni Association (TTAA) is an independent non-profit organization established in 1927 by the first graduating class of Texas Technological College, now Texas Tech University, to support the university and maintain a lifelong connection between Texas Tech's loud and proud alumni and the university. The association provides both volunteer service and financial support for the association's mission, the university, the administration, faculty, students and alumni. The association is governed by a National Board of Directors that sets policies for the organization, oversees operations and finances, and directs and supervises the programs and strategic plan of the association.

In 1969, the association office relocated from the Administration Building, where it had been housed since 1937, to the former president's home, now the McKenzie-Merket Alumni Center.

The TTAA offers membership to alumni and friends in various levels and boasts a membership base of more than 30,000. The TTAA uses membership contributions to fund the following programs and initiatives:

Official Texas Tech Ring

History

Since 1999, Texas Tech had one universal symbol of academic achievement—The Official Texas Tech Ring. The ring evokes special memories of the occasions and traditions of Texas Tech, the “Fight Song” sung at the stadium with the Masked Rider leading our team. Raider Red giving fans the “Guns Up” and firing his shotguns. The unforgettable images created during the Carol of Lights where the red, white and gold holiday lights cast their spell over the campus. The ring is a symbolic, continuous link with classmates, friends and generations of alumni. It is an opportunity for alumni to bear our banners wherever they go.

Our unique ring design is reserved exclusively for individuals who have successfully met the university’s standards. Designed by a group of Texas Tech students, alumni and administrators, the ring will remain unchanged into the university’s future. As a symbol of Texas Tech tradition, it is instantly recognizable—a tangible connection for those who are graduating, while the visual continuity will generate an exclusive link with graduates in years to come. Those able to wear the ring proudly state to others, “I am a person of honor, a Texas Tech graduate—a Red Raider for life!” For the graduates and their peers, it holds a whole world of meaning.

Ring Components

Each ring symbolically captures the essence of Texas Tech with the prominent Double T standing proud, surrounded by the university’s full name and date of foundation. On the traditional ring, one shoulder bears the Administration Building, with the bells that represent victory. On the other shoulder is the university seal. Of course, the ring would not be complete without the appearance of the Masked Rider!

Inside, each official ring is forged with STRIVE FOR HONOR. This inscription is from the “Matador Song” and serves as a charge to every Texas Tech graduate to excel with integrity in all endeavors. The ring is engraved with the recipient’s personal engraving.

Students who have earned at least 75 cumulative hours are eligible to purchase an Official Texas Tech Ring and participate in the Official Ring Ceremony tradition. Much like a commencement ceremony, family and friends are invited to attend this special tradition each fall and spring that serves to honor each ring recipient and to pass on the importance of all that the ring symbolizes: loyalty, tradition, service, honor and lifelong relationships.

Texas Tech Alumni Association Scholarships

TTAA Dr. Bill & Peggy Dean Raiders for Life Scholarship

This scholarship is open to all majors and classifications in the College of Media and Communication. Applicants must have a minimum 3.0 or higher GPA on a 4.0 scale and must demonstrate involvement in a student organization at Texas Tech. Special consideration will be given to students who are a part of the Student Government Association at Texas Tech.

TTAA Peggy Carter Pearce Memorial Scholarship

This scholarship is dedicated to the memory of Peggy Carter Pearce, who served the Texas Tech Alumni Association tirelessly for 42 years as its Director of Special Events. The scholarship is established to recognize her dedication to the Alumni Association and those she served with every day. She touched the lives of so many alumni and truly demonstrated an attitude of “service above self” in every endeavor. The qualified candidate will be a current student, sophomore or above, who is a graduate of a Texas high school. Preference will be given to students majoring in English, but it is not a requirement for application. Applicants must have at least a 3.2 GPA and must be able to demonstrate their potential for “service above self” in their essay.

TTAA Donald Brady-Floyd McGrew Memorial Motorcycle Scholarship

This is a very special scholarship, established in memory of two of the outstanding off-road motorcycle advocates in West Texas. Floyd McGrew was an avid “trail-rider,” but did compete occasionally in some TSCEC Enduro’s. He was also known as the “Flagman” for many years at many of the short track, TT Scrambles and Motocross races in the West Texas area, always giving of himself to maintain and grow the sport. Donald Brady was very similar. He was an active racer in Enduro’s, short track, and TT Scrambles, but most will remember him for the time he gave unselfishly as Gas Marshall of the Texas State Championship Enduro Circuit, TSCEC. Donald saw the need, volunteered and did an amazing job of preserving order and safety at the gas stops. He did that by being respectful of the riders, who would then comply voluntarily due to their respect for Donald. First preference will be given to active off-road racers active in any of the popular racing circuits for Enduro’s or Cross-Country/Hare Scrambles type races in Texas, New Mexico, Colorado or Oklahoma, such as, but not limited to, TSCEC, BJEC, RMEC, SERA, and any future circuits that are similar. This can also include participation in the active MX/TT tracks in your area. Second preference goes to riders active in any of the various off-road family motorcycle clubs in the same states for students that do not race, but are active in the off-road motorcycle lifestyle. Certainly grades will matter in the selection process, but demonstrating good character in your race endeavors will also be a consideration.

TTAA Raider Life Scholarship (Raider Life)

This scholarship is open to any student that is admitted to Texas Tech and is an alumni of the Raider Life Program. Winners will be selected based upon academic merit and financial need is a primary criteria for this award.
